Membership Price Increase

To our valued members,

Thank you for being a Member Plus member. For over 30 years, Member Plus has been providing peace of mind by covering your out-of-pocket ambulance costs in the event of medically necessary ambulance transport.

Over the past several years, the costs associated with the Member Plus program have steadily increased. We are making a few changes to our membership program so that we can continue offering this important service.

- Beginning **November 1, 2024**, the annual cost for a Member Plus membership will increase to \$75.00.
- **Memberships that renew on November 1, 2024, or later** will include two patient evaluations or lift assists per household per membership year. All other non-transport services are no longer covered by Member Plus.

These changes are necessary to cover the Member Plus program's operating costs while still allowing us to provide this valuable service to our community. Memberships will still cover the out-of-pocket medically necessary ambulance transport for the member, their spouse, and legal dependents for one year.

We have seen significant increases in the cost of staffing and training, medical supplies, and vehicle maintenance and repairs. Still, we are committed to providing our communities with high-quality out-of-hospital care from well-trained EMTs and paramedics.

Thank you for being a Member Plus member and for entrusting your community ambulance service with your medical care in your time of need. Please don't hesitate to reach out if you have any questions.

Sincerely,
Sara Converse
